Across

- 2 You see into the eyes of a small but strong looking man
 5 You see the master himself standing here.
 6 this guy looks just like his twin
 7 You see a lovely lady with baskets of flowers at her feet
 8 A small man walks up to you, dressed in a robe of deepest black
 12 he still welcomes warmly any visitors, despite the disorganisation it brings
 14 you see a man with long hair (a little bit greasy anyway)
 15 He is hoping not to be noticed. he has an irritated look on his face.
 16 sitting here holding a wilted flower
 18 Maybe they are hungry
 20 who is he going to kill?
 26 This man is famous!
 28 he is holding a small carved pipe in one hand
 29 Bones. But holy!
 30 she is dressed with a white long robe, like for a wedding but which had never happened
 33 he seems to be searching for something too
 34 A slight gesture in your direction makes clear he noticed you, but allows you to live...for some more seconds
 36 but beware, he is surely VERY powerful
 38 The face is hairless, completely hairless, making him look very naked
 40 Be gone, mortal, or you will feel the wrath of the Mightiest
 41 A simple, yet gorgeous dress of green satin covers her graceful form
 43 An arctic icestorm is coming closer to you
 45 he isn't aware of the close danger
 46 seems always in meditation about some ununderstandable subject
 51 Hey you ! Don't push us !
 52 has been rewarded with relative immortality
 53 only one battle has to be fought
 55 he looks rather harmless, but then again so does a sleeping dragon
 56 his eyes light up while he counts his money
 57 in his look there is power
 58 A huge kind of drake, of a golden skin, is tanning under the sun

Down

- 1 he has a strange glowing in his eyes of which you are not sure if it reflects tremendous powers or insanity
 2 this guy looks just like his twin
 3 he could teach you so much...
 4 Despite this all he is a lawful and just ruler
 9 her fiery red eyes project a distinct sense of kindness
 10 his role is to keep the peace on this castle. If you want to get in trouble first deal with him
 11 lord of the thieves underworld
 13 Its long arms end in long curved talons and its mouth is full of sharp teeth
 17 scars are all over his body from countless battles
 19 you think that only a god deserves such a woman
 21 without the brain appendices she would be a very beautiful woman
 22 Will you be able to stop him?
 23 she will tear everybody in pieces who hasn't sworn to bring damnation
 24 the image of an ugly dragon flickers slightly
 25 he radiates a dark aura and a cold chill runs down your spine
 27 he doesn't look too well, with his shaggy red hairs
 28 it is whispered he can talk with horsekins
 31 steals from the rich, gives to the poor
 32 his denture escapes from his mouth!
 35 has a wonderful charisma you have some difficulties to resist
 37 this one is here to make sure enough bloodshed is going on
 39 Instead of poisonous teeth though those of a boar stick out of his moth
 42 It's designed for any fight. you think it may kill you in a row.
 44 what an ugly woman!
 47 you must trust him whether you want or not.
 48 quite a large cat!
 49 you can't see if they are natural or just some silly hat
 50 wearing a green collar around its neck
 54 a small god that has been reversed by some dog
 56 looks funny but you know that he has more brain in there than you have in your whole body
